019-15-10-070		70	
019-15-10-080		80	

Features and Benefits

- + **Biodegradable material** – degrades usually within 3-6 months after the implantation, no need for removal – less hospital visits, lower clinical risks.
- + **Self-expandable** – stent integrity and radial force are maintained for 6 to 8 weeks after implantation.
- + **Uncovered design** – low migration.
- + **Radiopaque markers** – accurate stent positioning.
